We invest in crypto currencies and offer you a fixed interest rate of 18% p.a. for funds lent to our company

What is WeDoCrypto?

WeDoCrypto

WeDoCrypto is operated by WDC I ApS, a Danish company dealing with buying and selling crypto currencies. It requires technical skills, time, experience and networking to manage the crypto market, as it is volatile and open 24/7.

Team

The team is composed by experiences and competencies from the financial world, to law and crypto currencies. This in conjunction with a common interest and passion for crypto currencies and blockchain technology has led to the foundation of WeDoCrypto.

Lender

Both private and businesses can lend capital to WeDoCrypto in which we compensate with an attractive high annual interest rate. As we operate in a highly volatile market, it is important that the funds is marked as high risk capital.

We offer 18% p.a.

The core business of WeDoCrypto is investments of own funds in crypto currencies and the underlying blockchain technology, which shows a huge potential. It is complex and comprehensive to invest in crypto currencies as you need to be constantly updated on technical know how, law and future regulations from the authorities.

Therefore, WeDoCrypto offers an attractive interest rate of 18% p.a. of your funds lent to us and thereafter invested for the risk of our company. Our main priority is to repay your loan with interest rate before we gain any profit.

Management team

Michael T. Lund

CHIEF EXECUTIVE OFFICER, CO-FOUNDER | ml@wedocrypto.com

Terms of repayment

We have positive expectations for the future crypto market, which is why we offer a high attractive interest rate

**We offer 18% interest rate p.a.
This pool closes by 30.06.2018**

Example: 10,000 EUR with an interest rate of 18% p.a.

● Repayment after 3 months

Principal + 4.5% = 10,450 eur.

● Repayment after 6 months

Principal + 9% = 10,900 eur.

● Repayment after 12 months

Principal + 18% = 11,800 eur.

Your loan can be repaid within 12 months

The crypto market is very volatile and has periods of huge corrections. Therefore it can be an advantage for you as a lender and us as a borrower to be able to repay your loan including interest rate within the 12 months period. This ensures that your loan is repaid and allows you to enter a new loan agreement when the market once again is beneficial.
